

Town of Thompson Sewer Repair & Installation Application Process

1. Fill out the application provided by the Town of Thompson Water & Sewer Department.
2. Provide the Water & Sewer Department a copy of the contractors insurance with the Town named as a certificate holder or a copy of the homeowners insurance if they are doing the work themselves.
3. Pay the specified amount:
 - a. Lateral Repair 50 feet or less - \$35
 - b. Single Family 4" New Installation (50 feet or less) - \$120
 - c. Single Family 4" New Installation (Greater than 50 feet) - \$370
 - d. Multiple Unit or Commercial Building 4" New Installation (50 feet or less) - \$250
 - e. Fees for any repairs or installations over 50 feet, or greater than 4" shall be determined by the Town Engineer or Water & Sewer Department Superintendent.
4. Once a permit is granted, it must be displayed at the site of repair/installation.
5. For new installations, a Water & Sewer representative must be present at the time of any mains being tapped and 24 hours notice must be given prior to scheduling.
6. After all connections are complete, call the Water & Sewer Department at 845-794-5280 **prior to burying any portions of the pipe or fittings for an inspection & pictures.**
7. After all connections are approved by a Water & Sewer Department representative all the plumbing can be buried and the permit can be discarded.

Please Note:

- Only four-band Fernco style fittings will be accepted, two-band Fernco style fittings are not be accepted.
- Only gasket style fittings will be accepted, no glue on fittings will be accepted.
- Any saddles or other style fittings must be approved by the Water & Sewer Department Superintendent prior to installation.
- All plumbing must be buried in at least 6" of sand, stone dust, or comparable material below and 6" above the plumbing.
- Only Town of Thompson Water & Sewer Department representatives can approve an installation or repair. Not a Town Building Department Representative, HOA representative, or any other person.
- Repairs can be inspected 7 days/week prior to 3:00 pm, however work on new installations can only be done Monday – Thursday prior to 3:00 pm.
- Any work done without a permit and/or without an inspection by a Water & Sewer Dept. representative may result in all plumbing having to be re-exposed for inspection and additional fees & fines.
- All trenches and open pits must be OSHA compliant for a Town representative to enter for inspection.
