TO: Assessors, Mayors and Clerks

FROM: Rebecca Bellard

SUBJECT: 2025 Final Telecommunications Ceilings

Enclosed is your municipality's *Certificate of Final Telecommunications Ceiling* for the 2025 assessment roll. The ceiling values therein have already been equalized and represent the **maximum taxable assessed value of private mass telecommunications property** for each utility company listed. Any assessed value in excess of the assessment ceiling must be granted an exemption. If the assessed value already present on the roll does not exceed the assessment ceiling, the property is not eligible for a ceiling exemption and the assessor need not make any adjustment to the roll.

The ceilings only pertain to mass telecommunications property (e.g. poles, wires, cables and conduit) that resides on, under, or above <u>private</u> property. Structures, such as cell towers and repeater huts, are not covered by the ceiling program.

If you have any questions regarding your telecommunications ceiling values or believe any of our determinations to be erroneous, please contact me via e-mail at <u>ORPTS.special.franchise@tax.ny.gov</u>

Column C is the percentage change in the estimate of full value between the 2024 State equalization rate and the 2025 State equalization rate due to the change in full value standard.

This percentage change is important because county and school taxes are apportioned according to a municipality's share of the full value of the county or the school. A municipality will be apportioned a larger share of the tax levy if its full value increases by a larger percentage than others, or if its full value decreases less than the decrease for other municipalities in the county or school.

The information shown in columns B and C is subject to change as other rates are established in the county. You will be sent a complete report when we have established 2025 State equalization rates for all municipalities in your county.

5. Limitation of Liability

In no event shall either party be liable or responsible to the other party for any type of incidental, punitive, indirect or consequential damages, or any damages for lost revenue, lost profits, replacement goods, loss of technology, rights or services, loss of data, or interruption or loss of use of services or equipment, even if advised of the possibility of such damages, whether arising under a theory of contract, tort (including negligence), strict liability or otherwise; provided, however, that the foregoing will not be construed as limiting Client's indemnification obligations under this Agreement, nor will it limit Client's liability for any violation of the restrictions set forth in Sections 9 and 10 or for infringement or misappropriation of MyRec.com's intellectual property rights.

MyRec.com's aggregate liability under this Agreement or in relation to the services to be provided hereunder will in no event exceed the Annual System Fees actually paid by Client for the period in which the events giving rise to the liability occurred.

6. Independent Contractor

MyRec.com acknowledges that the services rendered under this Agreement shall be solely as an independent contractor. It is expressly understood that this undertaking is not a joint venture.

7. Indemnity

The Client agrees, to the extent allowed under federal law, to indemnify and hold MyRec.com, its officers, employees, sponsors and partners harmless from any claim, loss, cost, expense, demand, or damage, including reasonable attorneys' fees, arising directly or indirectly out of (a) the Clients' use of or connection to the MyRec.com system, (b) site information or other information transmitted or stored by the Client through or on the MyRec.com system, (c) activities in connection therewith, or (d) the Clients' breach of this Agreement or violation of the rights of any other party.

MyRec.com shall hold Client harmless from liability to third parties resulting from infringement by MyRec.com's service (as provided by MyRec.com and used without modification within the scope of this Agreement) of any United States patent or any copyright or misappropriation by MyRec.com of any trade secret, provided MyRec.com is promptly notified of any threat, claim and proceeding related thereto and given reasonable assistance and the opportunity to assume sole control over defense and settlement; MyRec.com will not be responsible for any settlement it does not approve in writing.

8. Confidentiality

MyRec.com recognizes and acknowledges that this Agreement creates a confidential relationship between MyRec.com and Client and that any non-public information concerning Client's business affairs, customers, vendors, finances, properties, methods of operation, computer programs, and documentation, and other such information, whether written, oral, or otherwise, is confidential in nature. All such information concerning Client is hereinafter collectively referred to as "Client Confidential Information". Client may receive non-public business, technical or financial information about MyRec.com, including non-public information regarding the features, functionality and performance of the services under this Agreement. All such information is hereinafter collectively referred to as "MyRec.com Confidential Information."

MyRec.com agrees that, except as directed by Client, it will not at any time during or for a period of two years after the term of this Agreement disclose any Client Confidential Information to any person whatsoever. Similarly, Client agrees that it will not disclose any MyRec.com Confidential Information to any person whatsoever. Notwithstanding the foregoing, either party may provide information, as permitted by law, to government or regulatory agencies and to comply with a legal summons, court order, subpoena or a similar legal process, audit or investigation.

9. Work Product, Service Access, and Restrictions

Client agrees that all copyrights and other intellectual property rights in or to MyRec.com's work product produced in the performance of this Agreement shall remain the exclusive property of MyRec.com, and that Client will not sell, transfer, publish, disclose or otherwise make the work product available to third parties without MyRec.com's prior written consent.

MyRec.com grants Client a non-exclusive, non-transferable, non sub-licensable authorization to use the MyRec.com system, solely through the web-based interface(s) furnished or designated by MyRec.com, and only for the purposes of receiving the services described herein, during the term of this Agreement. No other rights or licenses are granted, and any rights granted to Client under this Agreement shall not affect MyRec.com's exclusive ownership of any of its intellectual property rights associated with its system or any work product.

MyRec.com retains all right, title, and interest, including intellectual property rights, in and to the MyRec.com system. Client may not, nor will Client permit any person to: (a) reverse engineer, reverse compile, decrypt, disassemble or otherwise attempt to derive the source code of the MyRec.com system; (b) modify, translate or create derivative works of the MyRec.com system; (c) sublicense, resell, rent, lease, distribute, market, commercialize, or otherwise transfer rights to or usage of the MyRec.com system; (d) remove, modify, or obscure any copyright notices or other proprietary notices or legends appearing on or in the MyRec.com system or any portion thereof; (e) transfer, use, or export the MyRec.com system in violation of any applicable laws, rules, or regulations of any government or governmental agency; (f) embed the MyRec.com system in any third party applications; or (g) take any action that would interfere with the operation of the My.Rec.com system or expose it to any computer viruses or other contaminants.

10. Prohibited Use

The Client shall not intentionally bypass a security mechanism in the MyRec.com system nor use the MyRec.com system: (a) to send unsolicited advertising, marketing or promotional materials, whether by email or text, without the recipient's legally-valid consent; (b) to commit fraud; (c) to transmit material that infringes on the intellectual property right of others; (d) to transmit material that is harassing, discriminatory, defamatory, vulgar, pornographic, or harmful to others; or (e) in violation of this Agreement. Violation of this policy may result in immediate suspension or discontinuation of services, or legal action which could result in civil damages or criminal punishment.

11. Merchant & Gateway Account

For the purposes of accepting credit card payments through MyRec.com, the Client has the option to use a MyRec.com preferred merchant services processor (Fortis Payments or Priority Payment Systems) (each, a "MyRec.com Preferred Merchant Services Processor") or a third-party merchant service provider of their choice. If the client uses a third-party merchant services provider, MyRec.com will only allow integration in the MyRec.com software with an Authorize.net gateway boarded on either FiServe (Omaha or Nashville) or the TSYS platform (a "MyRec.com Approved Gateway

MyRec.com Standard Agreement

Platform"). For the purposes of accepting automatic clearing house payments (ACH) through MyRec.com, the Client has the option to use a MyRec.com preferred provider (Fortis Payments) ("MyRec.com Preferred ACH Processing Provider", and together with the MyRec.com Preferred Merchant Services Processor, a "MyRec.com Preferred Provider") or a third-party provider that can connect with a MyRec.com Approved Gateway Platform.

In the event the Client chooses to accept credit card payments and/or ACH processing through MyRec.com ("MyRec.com Merchant/ACH Services"), the Client will enter into a merchant or ACH account agreement with the MyRec.com Preferred Provider or the Client's preferred service provider. If Authorize.net gateway services are needed, the Client will enter into a separate agreement with Authorize.net. Any such agreement's terms and conditions will solely ensure the benefit and obligation of the Client; MyRec.com shall not be a party to such agreement and shall have no obligations thereunder.

In the event Client chooses MyRec.com Merchant/ACH Services, MyRec.com will facilitate the Client and MyRec.com Preferred Provider communication for contracting purposes and shall integrate the merchant [or ACH] account processor. If the Client chooses a third-party merchant [or ACH] service provider other than a MyRec.com Preferred Provider, the Client will be responsible for all communication with such provider and for integration using a MyRec.com Approved Gateway Platform. The client agrees to comply with all terms and conditions of the resulting merchant and/or ACH account agreement and pay all fees required to maintain the services.

Client acknowledges that the fees set forth in this agreement do not include any transaction, processing or other fees imposed by Client's merchant account processor, ACH provider, or gateway provider. Client is fully responsible for its relationship with the Client-selected processor and/or gateway provider. In no event will MyRec.com: (a) take part in negotiations, (b) pay any fees incumbent on the Client or merchant account, or (c) acquire any liability for the performance of services of any chosen merchant account processor or gateway, including any MyRec.com Preferred Provider.

Client's use of MyRec.com Merchant/ACH Services allows the Client to take online credit card and/or ACH payments for certain services or products the Client provides via the Client websites supported by MyRec.com. MyRec.com facilitates an automated process for redirecting credit card and/or ACH payments (through MyRec.com and not pertaining to third-party accounts) to Client's chosen MyRec.com Approved Gateway Platform and merchant and/or ACH account processors. However, MyRec.com simply redirects any payment processing to the Client's gateway, which presents the payment form page and processes the card [or ACH] payment. MyRec.com does not process or store cardholder data itself. Because the credit card payment is handled entirely by the Client's merchant account processor or gateway provider, MyRec.com will not resolve any credit card payment processing issues for the Client using third party processors. However, MyRec.com will facilitate communication with a MyRec.com Preferred Provider to assist the client with obtaining a resolution to processing issues. Client agrees to contact the Client's merchant account processor or gateway provider directly to resolve any issues related to the credit card processing system, payment deposits, or activity statements.

12. Modifications

MyRec.com reserves the right to modify these Terms of Service by posting a revised Terms of Service on the Client's administrative portal and sending notice that the Terms of Service have changed to the Client's email address on record. Modifications will not apply retroactively. The Client is responsible for reviewing and becoming familiar with any modifications.

MyRec.com reserves the right to implement improvements and modifications to its services from time to time. If MyRec.com considers such modification to be material, MyRec.com will provide at least 30 days prior notice to Client and may discuss such modification with Client. If an improvement or modification will result in a corresponding increase in fees, MyRec.com will provide at least 60 days prior notice to Client. Regardless of whether any discussion between MyRec.com and Client about changes in services occurs verbally or in writing, each service change will be available for review on the Client's administrative portal. If the Client accepts the benefits of any added services or fails to object within 14 days after receiving notice of an upcoming change, MyRec.com will consider the Client to have accepted the change, which will be considered a valid modification of any terms then in place (which will, in turn, update this Agreement automatically).

Except as otherwise described in this Section, no modification of this Agreement will be binding unless in writing and manually signed by an authorized representative of each party.

13. Customer Data

Client represents and warrants that it owns or has appropriate rights to all of the data provided by Client or its customers ("Customer Data") to MyRec.com for the provision of services. Client shall have sole responsibility for the accuracy, quality, integrity, legality, reliability, appropriateness, and intellectual property ownership or rights to use of all Customer Data, and for obtaining all permissions from, and providing any notifications to, its customers as necessary or appropriate to allow for the processing of the Customer Data in connection with the services under this Agreement. MyRec.com shall not be responsible or liable for the deletion, correction, destruction, damage, loss or failure to store any of Clients' Customer Data.

Client shall have access to Customer Data stored by MyRec.com for the duration of the Term, subject to the terms and conditions of this Agreement. Upon termination of this Agreement, Client's access to any MyRec.com hosted Customer Data will end 90 days from the day of this Agreement's termination.

14. Public-Facing Site

The public side of the MyRec.com service is Web Content Accessibility Guidelines (WCAG) 2.2 compliant. If Client chooses to have the Client's design managed by MyRec.com, the colors and graphical elements will always be WCAG 2.2 compliant in regards to contrast. Any Client that chooses to manage its own color palette must agree to accept responsibility for litigation brought forward due to non-compliant color contrast levels.

All Clients, regardless of how their public design is managed, have the ability to modify text colors and sizes within many areas of the public side using an included text editor. These areas include program descriptions, home page messages, home page photos, and others. The Client is responsible for maintaining WCAG standards for font styles, sizes, and colors in these editable areas. MyRec.com is not responsible for litigation brought forward based on the Americans with Disabilities Act (ADA) or WCAG violations that arise from text editor modifications made by the Client.

The Client is expected to accurately caption or tag all images, especially images that display text. Every area in the MyRec.com service that allows image uploads will require a caption, and the Client is responsible for filling those captions with any text that may be visible in an image, or to provide context for the image's contents. MyRec.com is not responsible for litigation brought forward based on ADA or WCAG violations related to improper captioning or tagging. For instructions on how to properly caption images, please visit the MyRec.com Knowledge Base.

15. Hardware/Interoperability

MyRec.com shall have no obligation to provide the Client with hardware or equipment necessary to access or use the MyRec.com system. It is the Client's responsibility to ensure computer systems, internet connections, IT infrastructure, peripherals, systems, servers, mobile devices and/or workstations comply with the minimum system requirements necessary to use the MyRec.com service. MyRec.com shall not be responsible for any internet speed or connectivity issues at Client's location, or other problems related to the Client's technology equipment, including third party internet service or Client's IT infrastructure. The Client shall be required to comply with MyRec.com's technical specifications.

16. Custom Development

MyRec.com does not custom develop any features of its software to suit the business needs of any particular client. If there is a feature or functionality that the Client would like to see added to MyRec.com software, the Client can submit a change request to

support@myrec.com. MyRec.com will scope the project and provide the Client with a written update on the implementability. MyRec.com will consider all suggested improvements to the MyRec.com software, and, as MyRec.com determines in its sole discretion, will incorporate any approved items into MyRec.com's development schedule. Client acknowledges that MyRec.com will be free to use (or not use) all feature requests, suggestions, and other feedback in any manner, without compensation or other obligations to Client.

17. Reference

The Client agrees that, upon conclusion of the onboarding period, MyRec.com may issue business press releases about the parties' business association and post the Client's public-facing MyRec.com site link on MyRec.com's website and/or social media platforms and for marketing purposes.

18. Force Majeure

19. Miscellaneous

If any provision of this Agreement is found to be unenforceable or invalid, that provision will be limited or eliminated to the minimum extent necessary so that this Agreement will otherwise remain in full force and effect and enforceable. Good Afternoon,

I just received a call from our billing unit, and they informed me they were not able to cancel the financing due to NYPA accounting's deadline. They stated the Town can pay the lump sum amount of \$57,889.53 with the new monthly bill the Town will receive in June 2025, and the monthly payment amount should change.

Please let me know when the lump sum payment is made and copy Sharon Sookdeo (sharon.sookdeo@nypa.gov).

I apologize for the confusion.

Thank You,
